

Removing a user ID login from your Verofy® Move

This page shows you how to remove a user login from your Verofy® Move, in case you need to.

1. To remove a user login, you need to start by logging in with your Supervisor login. Contact us in app or via call if you don't know the supervisor login.
2. Click the Admin menu from the bottom of the screen, and select the **User Manager** option.

3. From the users menu, select **Delete User**.
