The following features are not currently functional on your Verofy® Move, but we plan to introduce them in the future.

Emailing a receipt to a customer from your **Verofy® Move**

Within the App Settings on your Verofy® Move, you have an option called **Email Merchant.** Currently, this functionality is not operational however we plan to introduce this in the future. For now, you can use the Verofy® App or Cloud to email a copy of the receipt details to your customer - click the link below to find out more!
