Connecting your till system and Verofy® Move

If your till system uses a Cloud connection to pair devices - the hard work is done for you. Your Verofy® Move will be ready to take payments by following these few basic steps!

1. From the Verofy® Move home screen, select the **Verofy Connect** application.

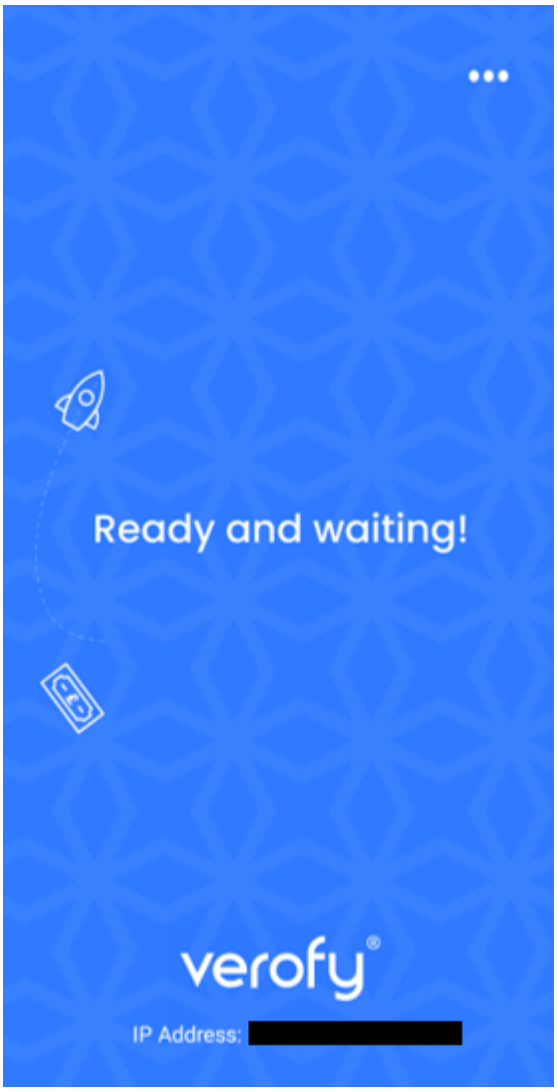

2. The application will synchronise automatically. Once done, press **Get started** .

3. Your Verofy® Move will load the integrated home screen and you're ready to take payments.
