

Access and complete your Verofy® PCI+

It's quick and easy to complete your PCI compliance in the Verofy® App, if you need any help you can follow the steps below! If you are still struggling to complete this, then [get in touch](#) with us and one of our support team will be on hand to help!

We'll let you know once it's time to complete your PCI compliance - you'll receive SMS and email reminders about completing this before the deadline. You might also see a pop up when you access the Verofy® App to notify you when it's time to complete your PCI.

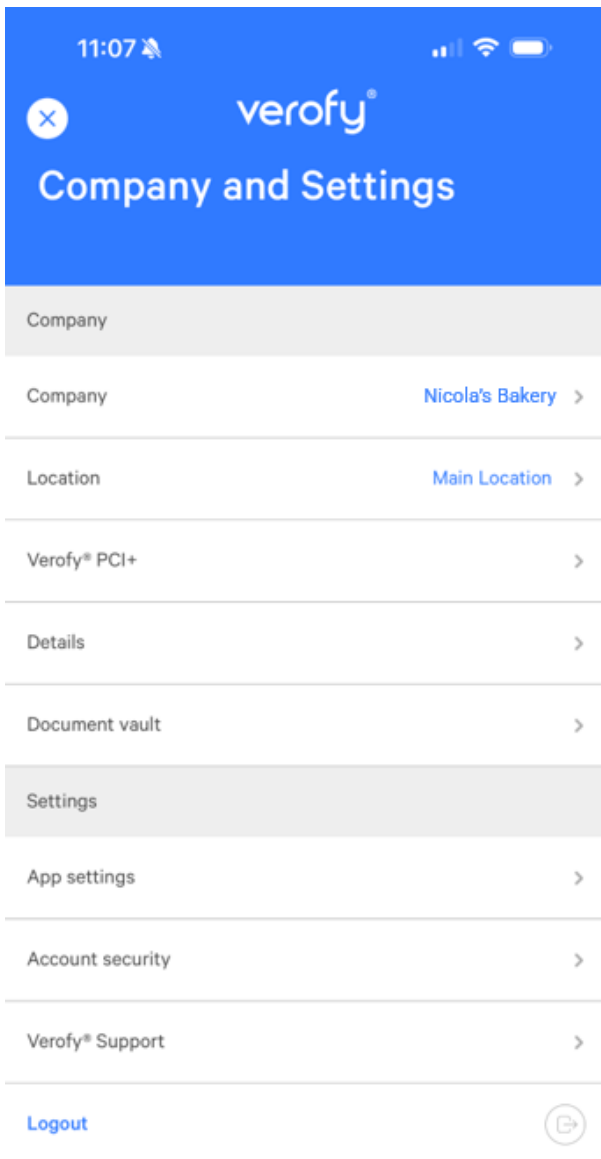

If you don't see the pop up, then you can follow the steps below to find and complete your PCI compliance.

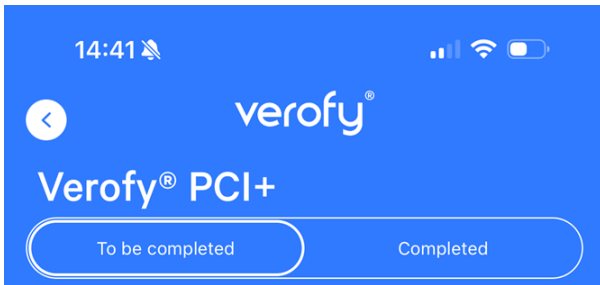

1. Start by logging into the Verofy® App, then pressing the ... button at the top right of the screen.

2. From here, select the **Verofy® PCI+** option. you're currently logged into. You'll see a list of all the different the companies, and you can select which one you want to view. The app will then update to display the information about this specific business.

3. From here, you'll see a list of how many documents you need to complete (there is one per Verofy product). In this example, the user has a Verofy® Move device as well as a Verofy® vTerminal.

Verofy® Move

This policy sets out the guidelines for cardholder's data security.

Verofy® Customer Compliance

Please review the information below and confirm your acceptance and adherence to the following statements.

It is crucial that your confirmation is subject to you strictly complying with the following statements.

1.0 Eligibility Criteria

We do not store, process or transmit cardholder data electronically in any form.

We do not use any form of call recording which would record cardholder data provided over phone conversations.

1.0.1 Cardholder Data

We do not store, process or transmit cardholder data electronically in any form. We do not use any form of call recording which would record cardholder data provided over phone conversations.

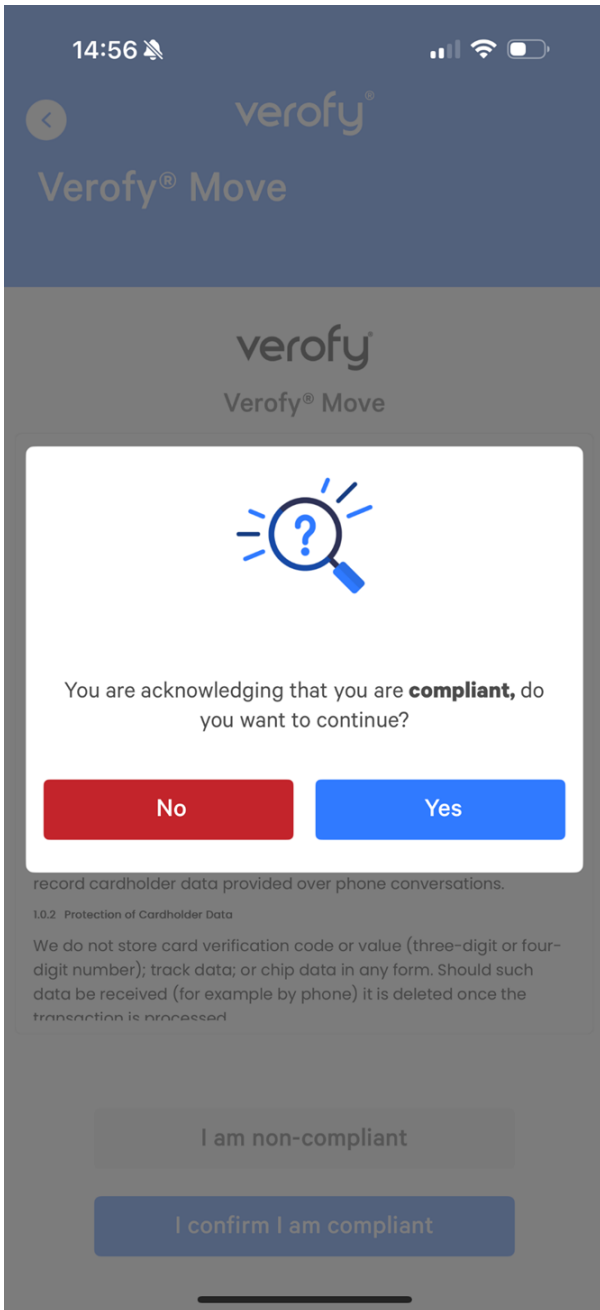

1.0.2 Protection of Cardholder Data

We do not store card verification code or value (three-digit or four-digit number); track data; or chip data in any form. Should such data be received (for example by phone) it is deleted once the transaction is processed.

I am non-compliant

I confirm I am compliant

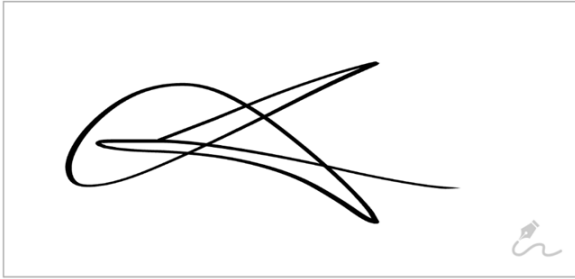

5. When you select your compliance status, you'll see a pop up asking you to confirm your selection. An example is shown below.

6. If you select yes, you'll then be prompted to sign on the glass to confirm your PCI status. Once you're ready, press **Confirm**.

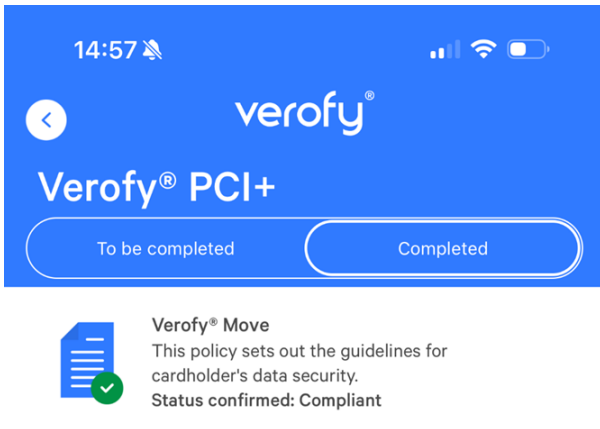

Sign below to confirm your PCI status.

Clear

Confirm

7. Once completed, you'll see the document move into the Completed tab.

8. You'll receive email notification to complete the PCI has been completed for that document, and also to remind you if there are further products you need to confirm your compliance for. The email will also include an attachment with the completed PCI status certificate.

Dear Nicola, Nicola's bakery

Thank you for completing the PCI compliance process for: Verofy® Move.

In order to complete your PCI compliance, please head back to the Verofy® App and complete PCI for the remaining products: Verofy® vTerminal. Please complete this by: 31-12-2025.

If you have any questions or need further assistance, feel free to reach out.

Thanks again for your cooperation!

Kind regards,

Verofy® Compliance Team

Remember: If you fail to complete your compliance before the deadline, or confirm you're non-compliant, you'll be charged a non-compliance fee.
