Viewing a specific transactions detail in Verofy® Cloud

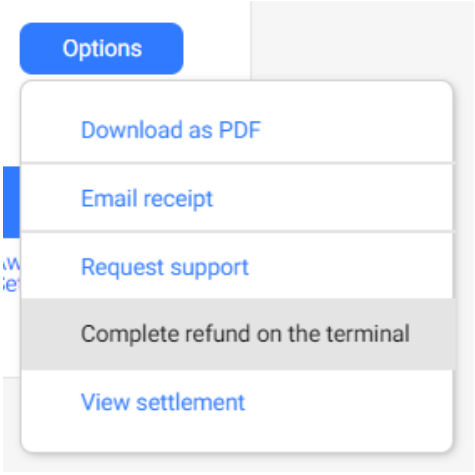

You can easily view the detail about a specific transaction from Verofy® Cloud by clicking the three blue dots to the right of a transaction record.

The transaction detail page will load.

From here, you can select the **Options** button which gives you the ability to **download a copy of the receipt as a PDF**, **email a copy of the receipt to your customer**, **request support** or view the **settlement** that the transaction relates to.
