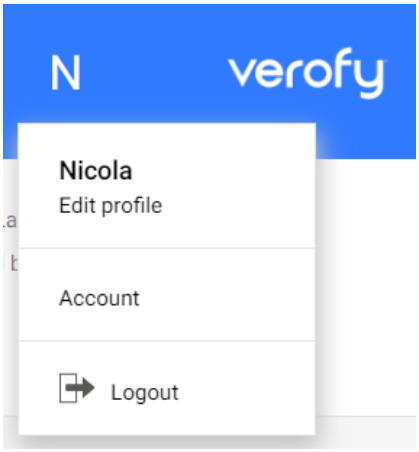
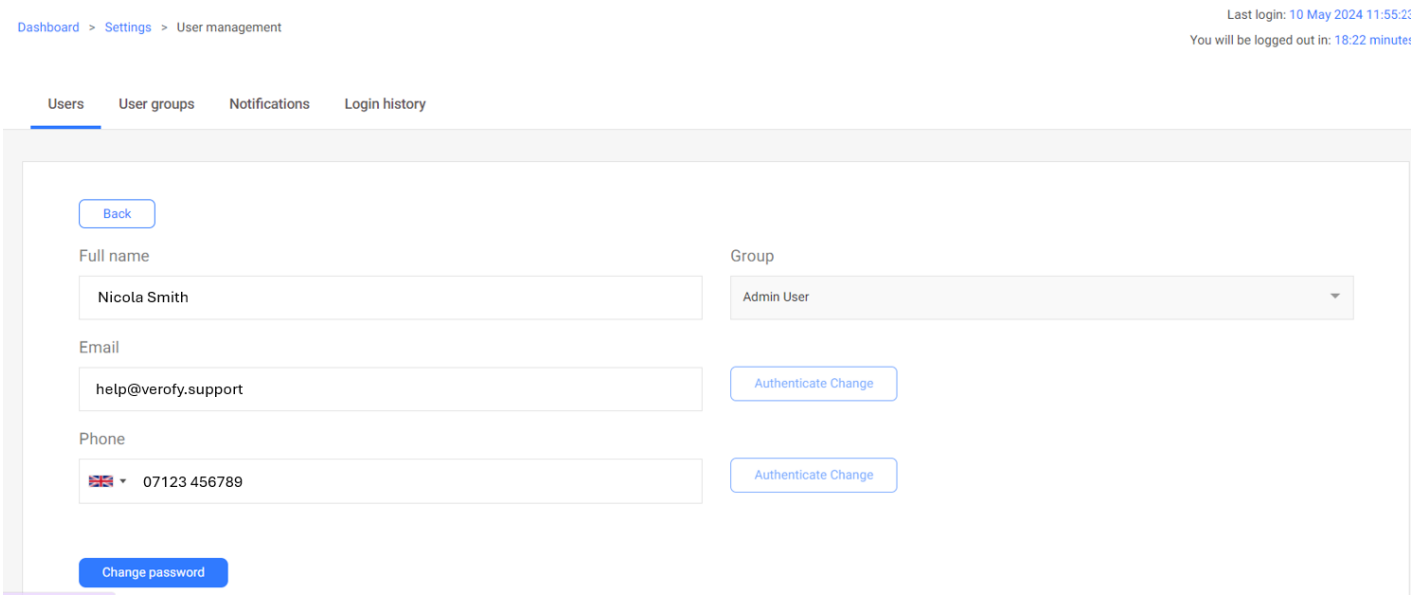
What can be edited?

Head to the inital of your name at the top right of your screen in Verofy® Cloud, it's normally in a circle.



Click the **Edit profile** option, you'll be directed to the Users tab within the Settings area of Verofy® Cloud.



You won't be able to update your full name, or change the access of your user group. If you need to make a change to your name or the user group your account is assigned to, **get in touch** and we'll be happy to discuss this with you further.

You can **update your mobile number** or **email address** within the Users tab. Click to find out more.

Revision #4
