

in Verofy® App

This page shows you how to refund Verofy® PayLinks in app.

Remember, you won't be able to refund a customer for more than the amount of their initial purchase(s), but you can refund a partial amount of the total sale.

1. To get started, you'll need to locate your Verofy® PayLinks. If you need to help, click [here](#) for the access guide.
2. Once you have selected your Verofy® PayLinks product, you'll see a list of all the payments made via the payment links you've sent to your customers. Select which transaction you wish to refund by clicking on the record from the list.

3. You'll then see the transaction detail page. At the bottom of the screen, select the **Issue a refund** button.
